Set up now

Getting started is as easy as:

1. Access your Cards from the Samsung Pay app
2. Add your  Northland Visa® card or Debit card
3. Look for the Contactless Symbol at checkout

Use it today

There's a lot to love about Samsung Pay. Like how it lets you use your favorite Visa® or Debit card at millions of places around the world. See stores and apps that accept Samsung Pay. www.samsung.com/us/samsung-pay/

Get extra layers of security

When you use your Samsung phone to pay in stores with an eligible Visa or Debit card enrolled in Samsung Pay, Visa Token Service replaces sensitive account information with a unique digital identifier called a token, which allows payments to be processed without exposing actual account details.

Set up now

Pay confidently at millions of places around the world with Visa and Samsung Pay.

Look for the Contactless Symbol at checkout

Samsung Pay is only available in select countries, with available devices. Features, card issuers and merchants may vary.

Payment methods shown not available in all countries or locations.
